15TH YEAR. NO. 154.

EAST LIVERPOOL, O., FRIDAY, DEC. 8, 1899.

TWO CENTS

ALL THE POTTERY NEWS.

Items and Information About the Industry Gathered In East Liverpool and Vicinity and Other Ceramic Centers.

The election at the new town of Sebring resulted as follows: Mayor, E. A. Albright; clerk, Doctor Hazzard; treasurer, George E. Sebring; marshal, F. M. Cochran; council, C. J. Albright, John Hunter, Charles Macauley, Perdue and Slusser. The only contest was for marshal and there were five candidates. The members of the school board elected are: James Brown, James Monroe, three years; Walter S. Crewson, John Allison, two years; Clyde Stackhouse, James Donald, one year.

OUTLOOK GOOD.

Sanitary Men Expect a Very Lively Trade Next Year.

In a recent interview Mr. John A. Campbell, general manager of the Trenton Pottery company, the largest sanitary ware pottery in the world, said: "The sanitary market is a little quiet now, but that is to be expected at this time of the year. From all signs trade will be lively next year. It will probably open up strong about February. The unusually cold weather last winter was a boon for the sanitary ware trade. The cold weather damaged sanitary goods all over the country, and created an almost unprecedented demand for this kind of ware in the spring. Then, of course, prices on our goods went up. I do not think there will be another advance for some time. The hard winter and the excellent industrial condition of the country are factors which are responsible for the active state of the sanitary ware market."

"We are making some shipments to foreign markets. The American product is superior to the foreign made article." Mr. Campbell also said that the general ware potteries of Trenton seemed to be in a very prosperous condition, and that they were running full.

NOTES OF THE PLANTS

And Other Items That Will Interest the Pottery Trade.

Complementary to other and extensive improvements, Messrs. Young and Cole, of the Roseville potteries, Zanesville, O., entered into a contract, Nov. 11, with the Great Southern Gas & Oil company for the supplying of the Roseville potteries with natural gas. The new well of the gas company has been completed for the purpose, and is one of the strongest in the circuit. The pottery works are doing a heavy business, affording employment to a full force of mechanical laborers.

The old Hawthorn pottery at Hawthorn, Pa., has been purchased by a stock company and will be enlarged to a capacity of 600,000 gallons a year. The company is incorporated at a capital of \$20,000, and the principal of its directors are Messrs. M. J. Mateer and F. I. Andrews, of New Bethlehem.

The Cannonsburg Pottery company, of Cannonsburg, Pa., has let the contract for a million brick with which the buildings of the company's brick plant will be constructed. This will be the first pottery erected in Washington county, and it is expected to do much for the advancement of the town. Mr. W. S. George is manager of the company. Architect Fritz had started on the plans for the pottery but stopped when it was reported that the deal was off. He thinks the parties will be able to settle

their differences in regard to the railroad switch.

"Dick" Albright besides being elected mayor of Sebring, is postmaster, Adams express agent, insurance agent, secretary of the Building and Loan company and minister of the Gospel.

There are over 125 persons at work in the Oliver china works, Sebring, and more are being added daily.

A. J. Lodge, of North Fourth street, Toronto, has a flattering offer to go to the City of Mexico to work for a sewer pipe plant at that place. The Mexican plant is owned by the same company owning the Perth Amboy, N. J., works. Mr. Lodge has not yet decided to accept.

At East Palestine the Columbia Sewer Pipe Co., is about to construct a building 90x280 feet and four stories high for the manufacture of sewer pipe. One hundred men will be employed in the plant.

The old clay trestle and tipple at the Calumet sewer pipe works, Toronto, have been displaced by new and more substantial structures.

D. B. Anderson, formerly with the Great Western sewer pipe works at Toronto, has taken charge of the office of the Jefferson sewer pipe works at that place.

The Great Western and Forest City Fire Clay Co., at Toronto has begun the building of one of the largest wharves on the Ohio for better shipping facilities. The wharf will not be finished until spring.

James Baum has given up the scheme to organize a company to operate the pottery at Tiltonville and is now turning his attention to other fields.

Within the past month efforts have been made by a company to purchase the old Chelsea pottery at New Cumberland which has been idle for some time. The plant is regarded as one of the best in that part of the country, and the movement to again put it in operation is very favorably regarded by the various experts who have looked the ground over from time to time. It is understood that East Liverpool parties are largely interested in the undertaking.—Green Book.

The dishmakers' local, after their regular meeting, held a very pleasant social last evening.

Kara Ossman, the court wrestler to his imperial majesty, the sultan of Turkey, who has been visiting this country, began life as a potter, making and vending his own wares in the mountain districts inhabited by the poorer classes of Mussulmans.

Mark Thornberry, an employe of the Salem china works, arrived in the city yesterday afternoon. He reports business very good at the pottery and expects to return Saturday morning.

Architect Fritz has almost completed the plans for the new Southside pottery and will commence making the blue prints early in the week. The pottery will be built so that it can be increased from a 9 kiln plant to a 15 kiln plant at any time.

THE CITY LOST.

Salem Will Have to Pay \$850 For a Defective Sidewalk.

LISBON, Dec. 8.—[Special]—Sarah M. Cook obtained a verdict of \$850 against the city of Salem for injuries caused by a fall on a defective sidewalk. She sued for \$5,000.

ROME, Dec. 8.—Cardinal Rampolla, the papal secretary of state, notified the diplomats that the pope was suffering from a slight cold and keeps to his room only as a precaution.

GIRLS JUMPED FOR LIFE

They Escaped Fire In Factory, at Reading, Pa.

ONE WOMAN PERISHED IN BLAZE.

Fifty-Seven Persons Were Injured, Among the Number 30 Girls Were Badly Hurt—Factory Destroyed—Fire Due to Gasoline Explosion.

READING, Pa., Dec. 8.—One of the most appalling fires that has ever visited this city occurred when the extensive hosiery mill of the Nolde & Horst company took fire, destroying the plant, causing the death of two and possibly three persons and injuring about 60 other employes of the company.

One person lost her life, Miss Louise Clay, aged 48.

Of the 57 persons who were injured the following were the most seriously hurt:

Esther Mowbray, shoulder dislocated. Maude Ritter, ankle fractured and otherwise badly hurt.

Sallie Christman, arm broken. Emma Lance, nose broken, hip dislocated.

Annie Baer, ankle broken, serious injuries internally.

Vinnie Baer, leg broken. Annie Brunner, ankle broken and otherwise badly injured.

Sallie Bausher, leg broken. Katie Boyer, face disfigured, arms and legs hurt.

Louisa Barron, severely injured legs. Annie Bowman, internally injured.

Sallie Clay, knee fractured. Katie Dapler, internally injured.

Ella Kunkle, internally injured. Miss Ibach, ankle broken.

Mamie Kraemer, internally injured. Catherine Kelley, internally injured.

Mamie Lachman, leg broken. Frances Luden, back severely injured.

Emma Lorah, both legs broken. Catherine Luppold, internally injured.

Annie Maherny, leg broken. Bessie Schaeffer, thigh dislocated.

Minni Schwartz, leg broken. Sallie Sherman, internally injured.

Gertrude Seifert, leg broken. Jennie Warner, both legs reported broken.

Maggie Whitmeyer, leg broken. Lela Hendershaw, both thighs fractured.

Mary Yeich, compound fracture of arm, otherwise seriously injured.

The remainder of the 57 had hands or faces burned, limbs bruised or otherwise injured.

The hosiery building was a large four-story structure and nearly 600 persons were employed, most of them being women and girls. The girls were panic-stricken after they knew of the fire. They made a dash for the fire escape and the stairs, but found that the latter means of escape could not carry all of them down at the same time.

Several hundred of the girls then made a rush for the windows and appealed to those in the street to save them. Ladders were brought into use and many girls were taken from the burning building safely. Most of them, however, jumped and were seriously injured. For a few minutes from every window on the second and third floors girls leaped one after the other. Some lodged in the arms of those below, but many struck the ground. They were picked up and rapidly removed to hospitals or their homes. Many of the girls who escaped by the stairways and fire escapes were badly burned, but none of them was, it is believed, seriously injured. It is not known how the dead met their fate, but it is believed that they fainted and were then burned to death.

The fire was caused by the explosion of gasoline in the singing room. The loss was estimated at about \$275,000, on which there was an insurance of about \$150,000.

Henry Rawle Dead.

PHILADELPHIA, Dec. 8.—Henry Rawle died at his home in Villa Nova, near here, aged 66 years. Mr. Rawle was nominated for state treasurer in 1875 on the ticket with General Hartranft, candidate for governor, and was elected. Just previous to this he served a term as mayor of Erie. He married a daughter of General Reed, formerly member of congress from the Erie district. Upon her death, he married a daughter of the late General Maynard of Williamsport. His second wife survives him. He will be buried near Muncy, tomorrow.

And Other Items That Will Interest the Pottery Trade.

Complementary to other and extensive improvements, Messrs. Young and Cole, of the Roseville potteries, Zanesville, O., entered into a contract, Nov. 11, with the Great Southern Gas & Oil company for the supplying of the Roseville potteries with natural gas. The new well of the gas company has been completed for the purpose, and is one of the strongest in the circuit. The pottery works are doing a heavy business, affording employment to a full force of mechanical laborers.

The old Hawthorn pottery at Hawthorn, Pa., has been purchased by a stock company and will be enlarged to a capacity of 600,000 gallons a year. The company is incorporated at a capital of \$20,000, and the principal of its directors are Messrs. M. J. Mateer and F. I. Andrews, of New Bethlehem.

The Cannonsburg Pottery company, of Cannonsburg, Pa., has let the contract for a million brick with which the buildings of the company's brick plant will be constructed. This will be the first pottery erected in Washington county, and it is expected to do much for the advancement of the town. Mr. W. S. George is manager of the company. Architect Fritz had started on the plans for the pottery but stopped when it was reported that the deal was off. He thinks the parties will be able to settle

their differences in regard to the railroad switch.

"Dick" Albright besides being elected mayor of Sebring, is postmaster, Adams express agent, insurance agent, secretary of the Building and Loan company and minister of the Gospel.

There are over 125 persons at work in the Oliver china works, Sebring, and more are being added daily.

A. J. Lodge, of North Fourth street, Toronto, has a flattering offer to go to the City of Mexico to work for a sewer pipe plant at that place. The Mexican plant is owned by the same company owning the Perth Amboy, N. J., works. Mr. Lodge has not yet decided to accept.

At East Palestine the Columbia Sewer Pipe Co., is about to construct a building 90x280 feet and four stories high for the manufacture of sewer pipe. One hundred men will be employed in the plant.

The old clay trestle and tipple at the Calumet sewer pipe works, Toronto, have been displaced by new and more substantial structures.

D. B. Anderson, formerly with the Great Western sewer pipe works at Toronto, has taken charge of the office of the Jefferson sewer pipe works at that place.

The Great Western and Forest City Fire Clay Co., at Toronto has begun the building of one of the largest wharves on the Ohio for better shipping facilities. The wharf will not be finished until spring.

James Baum has given up the scheme to organize a company to operate the pottery at Tiltonville and is now turning his attention to other fields.

Within the past month efforts have been made by a company to purchase the old Chelsea pottery at New Cumberland which has been idle for some time. The plant is regarded as one of the best in that part of the country, and the movement to again put it in operation is very favorably regarded by the various experts who have looked the ground over from time to time. It is understood that East Liverpool parties are largely interested in the undertaking.—Green Book.

The dishmakers' local, after their regular meeting, held a very pleasant social last evening.

Kara Ossman, the court wrestler to his imperial majesty, the sultan of Turkey, who has been visiting this country, began life as a potter, making and vending his own wares in the mountain districts inhabited by the poorer classes of Mussulmans.

Mark Thornberry, an employe of the Salem china works, arrived in the city yesterday afternoon. He reports business very good at the pottery and expects to return Saturday morning.

Architect Fritz has almost completed the plans for the new Southside pottery and will commence making the blue prints early in the week. The pottery will be built so that it can be increased from a 9 kiln plant to a 15 kiln plant at any time.

THE CITY LOST.

Salem Will Have to Pay \$850 For a Defective Sidewalk.

LISBON, Dec. 8.—[Special]—Sarah M. Cook obtained a verdict of \$850 against the city of Salem for injuries caused by a fall on a defective sidewalk. She sued for \$5,000.

GIRLS JUMPED FOR LIFE

They Escaped Fire In Factory, at Reading, Pa.

ONE WOMAN PERISHED IN BLAZE.

Fifty-Seven Persons Were Injured, Among the Number 30 Girls Were Badly Hurt—Factory Destroyed—Fire Due to Gasoline Explosion.

READING, Pa., Dec. 8.—One of the most appalling fires that has ever visited this city occurred when the extensive hosiery mill of the Nolde & Horst company took fire, destroying the plant, causing the death of two and possibly three persons and injuring about 60 other employees of the company.

One person lost her life, Miss Louise Clay, aged 48.

Of the 57 persons who were injured the following were the most seriously hurt:

Esther Mowbray, shoulder dislocated. Madie Ritter, ankle fractured and otherwise badly hurt.

Sallie Christianan, arm broken. Emma Lance, nose broken, hip dislocated.

Annie Baer, ankle broken, serious injuries internally.

Vinnie Baer, leg broken. Annie Brunner, ankle broken and otherwise badly injured.

Sallie Bausher, leg broken. Katie Boyer, face disfigured, arms and legs hurt.

Louisa Barron, severely injured legs. Annie Bowman, internally injured.

Sallie Clay, knee fractured. Katie Dapler, internally injured.

Ella Kinkle, internally injured. Miss Ibach, ankle broken.

Mamie Kraemer, internally injured. Catherine Kelley, internally injured.

Mamie Lachman, leg broken. Frances Luten, back severely injured.

Emma Lora, both legs broken. Catherine Luppold, internally injured.

Annie Maherny, leg broken. Bessie Schaeffer, thigh dislocated.

Minnie Schwartz, leg broken. Sallie Sherman, internally injured.

Gertrude Seifert, leg broken. Jennie Warner, both legs reported broken.

Maggie Whitmeyer, leg broken. Lela Hendershaw, both thighs fractured.

Mary Yeich, compound fracture of arm, otherwise seriously injured.

The remainder of the 57 had hands or faces burned, limbs bruised or otherwise injured.

The hosiery building was a large four-story structure and nearly 600 persons were employed, most of them being women and girls. The girls were panic-stricken after they knew of the fire. They made a dash for the fire escape and the stairs, but found that the latter means of escape could not carry all of them down at the same time.

Several hundred of the girls then made a rush for the windows and appealed to those in the street to save them. Ladders were brought into use and many girls were taken from the burning building safely. Most of them, however, jumped and were seriously injured. For a few minutes from every window on the second and third floors girls leaped one after the other. Some lodged in the arms of those below, but many struck the ground. They were picked up and rapidly removed to hospitals or their homes. Many of the girls who escaped by the stairways and fire escapes were badly burned, but none of them was, it is believed, seriously injured. It is not known how the dead met their fate, but it is believed that they fainted and were then burned to death.

The fire was caused by the explosion of gasoline in the singing room. The loss was estimated at about \$275,000, on which there was an insurance of about \$150,000.

Henry Rawle Dead.

PHILADELPHIA, Dec. 8.—Henry Rawle died at his home in Villa Nova, near here, aged 66 years. Mr. Rawle was nominated for state treasurer in 1875 on the ticket with General Hartranft, candidate for governor, and was elected. Just previous to this he served a term as mayor of Erie. He married a daughter of General Reed, formerly member of congress from the Erie district. Upon her death, he married a daughter of the late General Maynard of Williamsport. His second wife survives him. He will be buried near Muncy, tomorrow.

your neighbor a great amount of good.

HOLIDAY DISPLAYS.

In all of the store windows about town
the Christmas display is becoming in
evidence and a more beautiful and varied
showing would be hard to find. East
Liverpool's merchants are up to-date no
matter how you take them, and this
year's business shows that their pro-
gressiveness is appreciated.

FIGURES TO THINK ABOUT.

The statements of the three banks of
the city, published in the NEWS REVIEW
yesterday, show in the aggregate some
splendidly surprising figures. The total
resources of the three institutions
amount to the magnificent sum of \$1,-
604,691.79; the individual deposits sub-
ject to check, \$953,390.66; the demand
certificates of deposit, \$70,891.53, or a
combined total of deposits of \$1,024,-
282.19. The undivided profits amount
to \$34,921.19; the value of banking
houses, furniture and fixtures, \$74,500;
the surplus funds, \$75,000; and loans
and discounts amount to \$816,049.70

HIGH SCHOOL.

The entertainment given at the Grand
last night, under the auspices of the
High School Lecture course, was a very
entertaining and instructive one. The
power of civilization and cultivation
was wonderfully portrayed in the sing-
ing and acting of the youngsters from
the different tribes or people of Africa.
The rendering of "The Holy City," by
a native of but 12 years of age, brought
great storms of applause from the de-
lighted audience. The lecturer's re-
marks were listened to with close
attention, and the talk of Miss Clark,
said to be the daughter of an English
consul, won the hearts of her hearers
from start to finish. The lecture com-
mittee bullded better than they knew
when they secured this entertainment.

A WILD STORY.

The New York Commercial, usually a
conservative and reliable paper, seems
to have had a "yellow" interval yester-
day when it printed one of the wildest
and wooliest scare stories ever printed in
this country. The story stated, as a
matter of fact and news, that "capital
and labor are preparing to meet in the
greatest conflict this or any other coun-
try has ever seen. The leaders are the
builders, contractors, architects, and
dealers in builders' supplies, and their
purpose is to start a war against labor
unionism, which shall end in the prac-
tical extermination of such unions and
cause all work to be done henceforth on
the individual plan. After January 1

ATHLETIC SOLDIERS.

Chandler Introduced a Bill In the Senate For Training at West Point Academy.

WASHINGTON, Dec. 8.—Routine proceedings of the senate were enlivened by a colloquy between Mr. Chandler of New Hampshire and Mr. Hale of Maine over a bill introduced by the former to promote athletic sports at the military academy at West Point. Both senators became facetious and at times sarcastic over the growth of athletics at American colleges, and Mr. Chandler advanced the proposition that the cultivation of such sports as football and similar sports at the government academies ought to be given the sanction of the law.

The title of the bill set forth its object to be "to increase the efficiency of the West Point Military academy and to qualify and stimulate the American

youth for actual military service by suitable physical training instead of excessive mental education." It provided that the course of instruction at the academy should dispense with the study of higher mathematics and the foreign languages and substitute a course in athletics, to embrace especially golf, bicycling, football and baseball. The bill also provided for annual athletic contests at different cities and provided an appropriation for prizes.

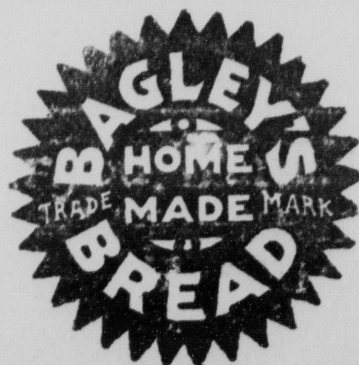

The senate adjourned to Monday.

Reference to Liller by Kiefer.

COLUMBUS, Dec. 8.—The general order No. 1 of the commander-in-chief of the National Army of Spanish War Veterans, General J. Warren Kiefer, was issued. The only cognizance taken of the recent bolt headed by W. C. Liller was the following: "W. C. Liller, who has been acting temporarily as adjutant general, is removed for incompetency." He was directed to turn over all property to General H. H. Axline, who was appointed to succeed him.

Trying to End a Strike.

WILKESBARRE, Pa., Dec. 8.—The business men of Naticoke were trying to secure other employment for the old firemen and fire bosses whom the company refuses to reinstate in their old positions. It is thought if equally good positions can be found for them it will remove the contention now existing between the company and the strikers and bring the strike to an end.

William Hatton Expects the
Philippine Matter Will be
Settled Very Soon.

Edward Hatton, of Washington street, has received a letter from his brother, William Hatton, of Company C, Seventeenth U. S. I., now at Calulut, P. I. The letter was written on Oct. 17. It states he had received a picture from home, but the pasteboard in which it was enclosed was lost when the transport Morgan City went down off the coast of Japan. Companies C, E, F and M are holding Calulut and protecting a railroad bridge.

These companies were told to prepare for a three-months' campaign. Concluding his letter, Hatton says: "The rainy season is about over, and I think this matter will be settled very soon."

SOLDIER'S LETTER.

William Hatton Expects the
Philippine Matter Will be
Settled Very Soon.

Edward Hatton, of Washington street, has received a letter from his brother, William Hatton, of Company C, Seventeenth U. S. I., now at Calulut, P. I. The letter was written on Oct. 17. It states he had received a picture from home, but the pasteboard in which it was enclosed was lost when the transport Morgan City went down off the coast of Japan. Companies C, E, F and M are holding Calulut and protecting a railroad bridge.

These companies were told to prepare for a three-months' campaign. Concluding his letter, Hatton says: "The rainy season is about over, and I think this matter will be settled very soon."

LOCAL BREVITIES.

Library directors meet tonight.

The West Market street sewer is being cleaned today.

The Beaver basket ball team will arrive here on the 7:14 train.

The dance given by the Liederkrantz last evening was well attended.

The Chevalier club started to furnish their new rooms this morning.

The Greenwood unloaded a large shipment of hoops at this port last night.

"Jail empty, no arrests," was all the news Mayor Bough gave out this morning.

A deal is now pending for the purchase of the Seanor property, Seventh street.

Work has been renewed on the trunk sewer in district No. 2 and it will be rushed.

Alliance has abolished the position of city marshal and created that of chief of police.

The cold weather has delayed work on the improvement at the African M. E. church.

James P. Reed, the noted Pittsburg checker player, who died yesterday, was well known here.

Ben J. Sellars, Pacific coast representative of the Dresden, stationed in San Francisco, is in the city.

J. J. Bayard, contracting agent of the Chicago, Milwaukee and St. Paul railroad, was in the city on business for his road today.

The funeral services over the remains of Mrs. Hannah Swingewood were held this afternoon at 2 o'clock. Rev. John Lloyd Lee officiated.

Ware is not the only thing manufactured in this place that is being shipped in car load lots. Today a car load of flour was sent to Pittsburg parties.

Shipments of ware from the freight depot continue heavy, and yesterday in the neighborhood of 18 cars were loaded and sent out from the outbound platform at the freight depot.

Eugene Bradshaw left this morning for Columbus where he will meet his wife. On Monday they will leave for a southern trip and will probably make a tour of the island of Cuba.

A double wedding was celebrated last evening in the office of Justice Hill when Lola Smith and G. W. Keeper and Sadie Blanche Marriman and Simon A. G. Salisbury were married.

Rev. Walter Mansell went to Minerva this morning where he attended a meeting held for the purpose of consolidating missionary districts 9 and 12 of the Ohio conference of the Christian church.

Geo. A. Allcock, of East Palestine, has been appointed a member of the committee on state organization at the convention at the convention of the Ohio Federation of Labor at Dayton.

The Bible society didn't elect officers yesterday and the election will not be held until March, in order that the New York and local years will close at the same time. The annual canvass was discussed.

There is little change in the rivers hereabouts, and there is no prospect of an immediate rise. The weather bureau predicts warmer weather with probably rain today, which, if the downfall is at all heavy, will enable the Pittsburg and Cincinnati packets to operate, as there is a good stage at all the points along the Ohio. The marks at the wharf today registered five feet and falling.

THE TRUTH IS EASIEST TOLD, AND IS NOTHING TO BLUSH FOR. WE'RE OVERSTOCKED!

True, cold wintry weather has now made its appearance; but it's too late to benefit us to the extent of our preparations, and our store policy won't permit us to carry goods over, no matter what the loss. Last week when we accepted the shipments from the overstocked manufacturer, we began to realize that we were in the same fix, and that we'd better sell our own goods than to accept any more from him. Tomorrow you'll realize what we mean by a sale. The price pruning knife has done its work, and there'll be no let up now until the stock is reduced to a healthy and conservative quantity condition.

LOCAL BREVITIES.

Library directors meet tonight.

The West Market street sewer is being cleaned today.

The Beaver basket ball team will arrive here on the 7:14 train.

The dance given by the Liederkranz last evening was well attended.

The Chevalier club started to furnish their new rooms this morning.

The Greenwood unloaded a large shipment of hoops at this port last night.

"Jail empty, no arrests," was all the news Mayor Bough gave out this morning.

A deal is now pending for the purchase of the Seanor property, Seventh street.

Work has been renewed on the trunk sewer in district No. 2 and it will be rushed.

Alliance has abolished the position of city marshal and created that of chief of police.

The cold weather has delayed work on the improvement at the African M. E. church.

James P. Reed, the noted Pittsburg checker player, who died yesterday, was well known here.

Ben J. Sellars, Pacific coast representative of the Dresden, stationed in San Francisco, is in the city.

J. J. Bayard, contracting agent of the Chicago, Milwaukee and St. Paul railroad, was in the city on business for his road today.

The funeral services over the remains of Mrs. Hannah Swingewood were held this afternoon at 2 o'clock. Rev. John Lloyd Lee officiated.

Ware is not the only thing manufactured in this place that is being shipped in car load lots. Today a car load of flour was sent to Pittsburg parties.

Shipments of ware from the freight depot continue heavy, and yesterday in the neighborhood of 18 cars were loaded and sent out from the outbound platform at the freight depot.

Eugene Bradshaw left this morning for Columbus where he will meet his wife. On Monday they will leave for a southern trip and will probably make a tour of the island of Cuba.

A double wedding was celebrated last evening in the office of Justice Hill when Lola Smith and G. W. Keeper and Sadie Blanche Marriman and Simon A. G. Salsbury were married.

Rev. Walter Mansell went to Minerva this morning where he attended a meeting held for the purpose of consolidating missionary districts 9 and 12 of the Ohio conference of the Christian church.

Geo. A. Allcock, of East Palestine, has been appointed a member of the committee on state organization at the convention at the convention of the Ohio Federation of Labor at Dayton.

The Bible society didn't elect officers yesterday and the election will not be held until March, in order that the New York and local years will close at the same time. The annual canvass was discussed.

There is little change in the rivers hereabouts, and there is no prospect of an immediate rise. The weather bureau predicts warmer weather with probably rain today, which, if the downfall is at all heavy, will enable the Pittsburg and Cincinnati packets to operate, as there is a good stage at all the points along the Ohio. The marks at the wharf today registered five feet and falling.

THE TRUTH IS EASIEST TOLD, AND IS NOTHING TO BLUSH FOR. WE'RE OVERSTOCKED!

True, cold wintry weather has now made its appearance; but it's too late to benefit us to the extent of our preparations, and our store policy won't permit us to carry goods over, no matter what the loss. Last week when we accepted the shipments from the overstocked manufacturer, we began to realize that we were in the same fix, and that we'd better sell our own goods than to accept any more from him. Tomorrow you'll realize what we mean by a sale. The price pruning knife has done its work, and there'll be no let up now until the stock is reduced to a healthy and conservative quantity condition.

EAST LIVERPOOL — OHIO
WITH W. L. THOMPSON & CO.

THE EVENING NEWS REVIEW.

15TH YEAR. NO. 154.

EAST LIVERPOOL, O., FRIDAY, DEC. 8, 1899.

TWO CENTS

ALL THE POTTERY NEWS.

Items and Information About the Industry Gathered in East Liverpool and Vicinity and Other Ceramic Centers.

The election at the new town of Sebring resulted as follows: Mayor, E. A. Albright; clerk, Doctor Hazzard; treasurer, George E. Sebring; marshal, F. M. Cochran; council, C. J. Albright, John Hunter, Charles Macauley, Perdue and Slosser. The only contest was for marshal and there were five candidates. The members of the school board elected are: James Brown, James Monroe, three years; Walter S. Crewson, John Allison, two years; Clyde Stackhouse, James Donald, one year.

OUTLOOK GOOD.

Sanitary Men Expect a Very Lively Trade Next Year.

In a recent interview Mr. John A. Campbell, general manager of the Trenton Potteries company, the largest sanitary ware pottery in the world, said: "The sanitary market is a little quiet now, but that is to be expected at this time of the year. From all signs trade will be lively next year. It will probably open up strong about February. The unusually cold weather last winter was a boon for the sanitary ware trade. The cold weather damaged sanitary goods all over the country, and created an almost unprecedented demand for this kind of ware in the spring. Then, of course, prices on our goods went up. I do not think there will be another advance for some time. The hard winter and the excellent industrial condition of the country are factors which are responsible for the active state of the sanitary ware market."

"We are making some shipments to foreign markets. The American product is superior to the foreign made article." Mr. Campbell also said that the general ware potteries of Trenton seemed to be in a very prosperous condition, and that they were running full.

NOTES OF THE PLANTS

And Other Items That Will Interest the Pottery Trade.

Complementary to other and extensive improvements, Messrs. Young and Cole, of the Roseville potteries, Zanesville, O., entered into a contract, Nov. 11, with the Great Southern Gas & Oil company for the supplying of the Roseville potteries with natural gas. The new well of the gas company has been completed for the purpose, and is one of the strongest in the circuit. The pottery works are doing a heavy business, affording employment to a full force of mechanical laborers.

The old Hawthorn pottery at Hawthorn, Pa., has been purchased by a stock company and will be enlarged to a capacity of 600,000 gallons a year. The company is incorporated at a capital of \$20,000, and the principal of its directors are Messrs. M. J. Mateer and F. I. Andrews, of New Bethlehem.

The Cannonsburg Pottery company, of Cannonsburg, Pa., has let the contract for a million brick with which the buildings of the company's brick plant will be constructed. This will be the first pottery erected in Washington county, and it is expected to do much for the advancement of the town. Mr. W. S. George is manager of the company. Architect Fritz had started on the plans for the pottery but stopped when it was reported that the deal was off. He thinks the parties will be able to settle

their differences in regard to the railroad switch.

"Dick" Albright besides being elected mayor of Sebring, is postmaster, Adams express agent, insurance agent, secretary of the Building and Loan company and minister of the Gospel.

There are over 125 persons at work in the Oliver china works, Sebring, and more are being added daily.

A. J. Lodge, of North Fourth street, Toronto, has a flattering offer to go to the City of Mexico to work for a sewer pipe plant at that place. The Mexican plant is owned by the same company owning the Perth Amboy, N. J., works. Mr. Lodge has not yet decided to accept.

At East Palestine the Columbia Sewer Pipe Co., is about to construct a building 90x280 feet and four stories high for the manufacture of sewer pipe. One hundred men will be employed in the plant.

The old clay trestle and tipple at the Calumet sewer pipe works, Toronto, have been displaced by new and more substantial structures.

D. B. Anderson, formerly with the Great Western sewer pipe works at Toronto, has taken charge of the office of the Jefferson sewer pipe works at that place.

The Great Western and Forest City Fire Clay Co., at Toronto has begun the building of one of the largest wharves on the Ohio for better shipping facilities. The wharf will not be finished until spring.

James Baum has given up the scheme to organize a company to operate the pottery at Tiltonville and is now turning his attention to other fields.

Within the past month efforts have been made by a company to purchase the old Chelsea pottery at New Cumberland which has been idle for some time. The plant is regarded as one of the best in that part of the country, and the movement to again put it in operation is very favorably regarded by the various experts who have looked the ground over from time to time. It is understood that East Liverpool parties are largely interested in the undertaking.—Green Book.

The dishmakers' local, after their regular meeting, held a very pleasant social last evening.

Kara Ossman, the court wrestler to his imperial majesty, the sultan of Turkey, who has been visiting this country, began life as a potter, making and vending his own wares in the mountain districts inhabited by the poorer classes of Mussulmans.

Mark Thornberry, an employe of the Salem china works, arrived in the city yesterday afternoon. He reports business very good at the pottery and expects to return Saturday morning.

Architect Fritz has almost completed the plans for the new Southside pottery and will commence making the blue prints early in the week. The pottery will be built so that it can be increased from a 9 kiln plant to a 15 kiln plant at any time.

THE CITY LOST.

Salem Will Have to Pay \$850 For a Defective Sidewalk.

LISBON, Dec. 8.—[Special]—Sarah M. Cook obtained a verdict of \$850 against the city of Salem for injuries caused by a fall on a defective sidewalk. She sued for \$5,000.

GIRLS JUMPED FOR LIFE

They Escaped Fire In Factory, at Reading, Pa.

ONE WOMAN PERISHED IN BLAZE.

Fifty-Seven Persons Were Injured, Among the Number 30 Girls Were Badly Hurt—Factory Destroyed—Fire Due to Gasoline Explosion.

READING, Pa., Dec. 8.—One of the most appalling fires that has ever visited this city occurred when the extensive hosiery mill of the Nolde & Horst company took fire, destroying the plant, causing the death of two and possibly three persons and injuring about 60 other employes of the company.

One person lost her life, Miss Louise Clay, aged 48.

Of the 57 persons who were injured the following were the most seriously hurt:

Esther Mowbray, shoulder dislocated. Maude Ritter, ankle fractured and otherwise badly hurt.

Sallie Christman, arm broken. Emma Lance, nose broken, hip dislocated.

Annie Baer, ankle broken, serious injuries internally.

Vinnie Baer, leg broken. Annie Brunner, ankle broken and otherwise badly injured.

Sallie Bausher, leg broken. Katie Boyer, face disfigured, arms and legs hurt.

Louisa Barron, severely injured legs. Annie Bowman, internally injured.

Sallie Clay, knee fractured. Katie Dapfer, internally injured.

Ella Kunkle, internally injured. Miss Ibach, ankle broken.

Mamie Kraemer, internally injured. Catherine Kelley, internally injured.

Mamie Lachman, leg broken. Frances Luden, back severely injured.

Emma Lorah, both legs broken. Catherine Luppold, internally injured.

Annie Maherny, leg broken. Bessie Schaeffer, thigh dislocated.

Minnie Schwartz, leg broken. Sallie Sherman, internally injured.

Gertrude Seifert, leg broken. Jennie Warner, both legs reported broken.

Maggie Whitney, leg broken. Lela Hendershaw, both thighs fractured.

Mary Yeich, compound fracture of arm, otherwise seriously injured.

The remainder of the 57 had hands or faces burned, limbs bruised or otherwise injured.

The hosiery building was a large four-story structure and nearly 600 persons were employed, most of them being women and girls. The girls were panicked after they knew of the fire. They made a dash for the fire escape and the stairs, but found that the latter means of escape could not carry all of them down at the same time.

Several hundred of the girls then made a rush for the windows and appealed to those in the street to save them. Ladders were brought into use and many girls were taken from the burning building safely. Most of them, however, jumped and were seriously injured. For a few minutes from every window on the second and third floors girls leaped one after the other. Some lodged in the arms of those below, but many struck the ground. They were picked up and rapidly removed to hospitals or their homes. Many of the girls who escaped by the stairways and fire escapes were badly burned, but none of them was, it is believed, seriously injured. It is not known how the dead met their fate, but it is believed that they fainted and were then burned to death.

The fire was caused by the explosion of gasoline in the singing room. The loss was estimated at about \$275,000, on which there was an insurance of about \$150,000.

Henry Rawle Dead.

PHILADELPHIA, Dec. 8.—Henry Rawle died at his home in Villa Nova, near here, aged 66 years. Mr. Rawle was nominated for state treasurer in 1875 on the ticket with General Hartranft, candidate for governor, and was elected. Just previous to this he served a term as mayor of Erie. He married a daughter of General Reed, formerly member of congress from the Erie district. Upon her death, he married a daughter of the late General Maynard of Williamsport. His second wife survives him. He will be buried near Muncy, tomorrow.

FIGURES TO THINK ABOUT.

The statements of the three banks of
the city, published in the News Review
yesterday, show in the aggregate some
splendidly surprising figures. The total
resources of the three institutions
amount to the magnificent sum of \$1,-
604,691.79; the individual deposits sub-
ject to check, \$953,390.66; the demand
certificates of deposit, \$70,891.53, or a
combined total of deposits of \$1,024,-
282.19. The undivided profits amount
to \$34,921.19; the value of banking
houses, furniture and fixtures, \$74,500;
the surplus funds, \$75,000; and loans
and discounts amount to \$816,049 70

HIGH SCHOOL.

The entertainment given at the Grand
last night, under the auspices of the
High School Lecture course, was a very
entertaining and instructive one. The
power of civilization and cultivation
was wonderfully portrayed in the sing-
ing and acting of the youngsters from
the different tribes or people of Africa.
The rendering of "The Holy City," by
a native of but 12 years of age, brought
great storms of applause from the de-
lighted audience. The lecturer's re-
marks were listened to with close
attention, and the talk of Miss Clark,
said to be the daughter of an English
consul, won the hearts of her hearers
from start to finish. The lecture com-
mittee builded better than they knew
when they secured this entertainment.

A WILD STORY.

The New York Commercial, usually a
conservative and reliable paper, seems
to have had a "yellow" interval yester-
day when it printed one of the wildest
and wooliest scare stories ever printed in
this country. The story stated, as a
matter of fact and news, that "capital
and labor are preparing to meet in the
greatest conflict this or any other coun-
try has ever seen. The leaders are the
builders, contractors, architects, and
dealers in builders' supplies, and their
purpose is to start a war against labor
unionism, which shall end in the prac-
tical extermination of such unions and
cause all work to be done henceforth on
the individual plan. After January 1

It. Donnelly and the other imagina-
tive geniuses who have been writing
romances about the Twentieth century
capital and labor wars will have to take
a back seat before the Commercial
artist. Times are too good for scares of
this kind, and, even if the plan had been
entertained for a moment by any vision-
ary, the common sense of the Ameri-

down hard. An instance of the result
of such an attempt occurred in England
in '97 when the great engineering strike
took place, from which English engi-
neering firms have not yet recovered,
and in the meantime, while England
was tied up, American firms gobbled up
all the contracts and have been gaining
ground in the English field ever since.

ATHLETIC SOLDIERS.

Chandler Introduced a Bill in the Senate For Training at West Point Academy.

WASHINGTON, Dec. 8.—Routine proceedings of the senate were enlivened by a colloquy between Mr. Chandler of New Hampshire and Mr. Hale of Maine over a bill introduced by the former to promote athletic sports at the military academy at West Point. Both senators became facetious and at times sarcastic over the growth of athletics at American colleges, and Mr. Chandler advanced the proposition that the cultivation of such sports as football and similar sports at the government academies ought to be given the sanction of the law.

The title of the bill set forth its object to be "to increase the efficiency of the West Point Military academy and to qualify and stimulate the American

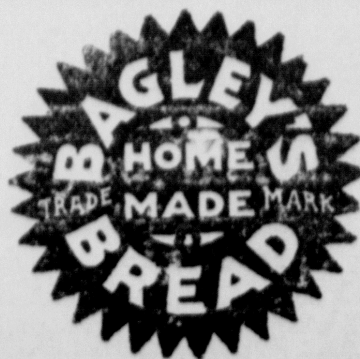

youth for actual military service by suitable physical training instead of excessive mental education." It provided that the course of instruction at the academy should dispense with the study of higher mathematics and the foreign languages and substitute a course in athletics, to embrace especially golf, bicycling, football and baseball. The bill also provided for annual athletic contests at different cities and provided an appropriation for prizes.

The senate adjourned to Monday.

Reference to Liller by Kiefer. COLUMBUS, Dec. 8.—The general order No. 1 of the commander-in-chief of the National Army of Spanish War Veterans, General J. Warren Kiefer, was issued. The only cognizance taken of the recent bolt headed by W. C. Liller was the following: "W. C. Liller, who has been acting temporarily as adjutant general, is removed for incompetency." He was directed to turn over all property to General H. H. Axline, who was appointed to succeed him.

Trying to End a Strike.

WILKESBARRE, Pa., Dec. 8.—The business men of Naticoke were trying to secure other employment for the old firemen and fire bosses whom the company refuses to reinstate in their old positions. It is thought if equally good positions can be found for them it will remove the contention now existing between the company and the strikers and bring the strike to an end.

SOLDIER'S LETTER.

William Hatton Expects the
Philippine Matter Will be
Settled Very Soon.

Edward Hatton, of Washington street, has received a letter from his brother, William Hatton, of Company C, Seventeenth U. S. I., now at Calulut, P. I. The letter was written on Oct. 17. It states he had received a picture from home, but the pasteboard in which it was enclosed was lost when the transport Morgan City went down off the coast of Japan. Companies C, E, F and M are holding Calulut and protecting a railroad bridge.

These companies were told to prepare for a three-months' campaign. Concluding his letter, Hatton says: "The rainy season is about over, and I think this matter will be settled very soon."

LOCAL BREVITIES.

Library directors meet tonight.

The West Market street sewer is being cleaned today.

The Beaver basket ball team will arrive here on the 7:14 train.

The dance given by the Liederkranz last evening was well attended.

The Chevalier club started to furnish their new rooms this morning.

The Greenwood unloaded a large shipment of hoops at this port last night.

"Jail empty, no arrests," was all the news Mayor Bough gave out this morning.

A deal is now pending for the purchase of the Seanor property, Seventh street.

Work has been renewed on the trunk sewer in district No. 2 and it will be rushed.

Alliance has abolished the position of city marshal and created that of chief of police.

The cold weather has delayed work on the improvement at the African M. E. church.

James P. Reed, the noted Pittsburg checker player, who died yesterday, was well known here.

Ben J. Sellars, Pacific coast representative of the Dresden, stationed in San Francisco, is in the city.

J. J. Bayard, contracting agent of the Chicago, Milwaukee and St. Paul railroad, was in the city on business for his road today.

The funeral services over the remains of Mrs. Hannah Swingewood were held this afternoon at 2 o'clock. Rev. John Lloyd Lee officiated.

Ware is not the only thing manufactured in this place that is being shipped in car load lots. Today a car load of flour was sent to Pittsburg parties.

Shipments of ware from the freight depot continue heavy, and yesterday in the neighborhood of 18 cars were loaded and sent out from the outbound platform at the freight depot.

Eugene Bradshaw left this morning for Columbus where he will meet his wife. On Monday they will leave for a southern trip and will probably make a tour of the island of Cuba.

A double wedding was celebrated last evening in the office of Justice Hill when Lola Smith and G. W. Keeper and Sadie Blanche Marrison and Simon A. G. Salisbury were married.

Rev. Walter Mansell went to Minerva this morning where he attended a meeting held for the purpose of consolidating missionary districts 9 and 12 of the Ohio conference of the Christian church.

Geo. A. Allcock, of East Palestine has been appointed a member of the committee on state organization at the convention at the convention of the Ohio Federation of Labor at Dayton.

The Bible society didn't elect officers yesterday and the election will not be held until March, in order that the New York and local years will close at the same time. The annual canvass was discussed.

There is little change in the rivers hereabouts, and there is no prospect of an immediate rise. The weather bureau predicts warmer weather with probably rain today, which, if the downfall is at all heavy, will enable the Pittsburg and Cincinnati packets to operate, as there is a good stage at all the points along the Ohio. The marks at the wharf today registered five feet and falling.

THE TRUTH IS EASIEST TOLD, AND IS NOTHING TO BLUSH FOR. WE'RE OVERSTOCKED!

True, cold wintry weather has now made its appearance; but it's too late to benefit us to the extent of our preparations, and our store policy won't permit us to carry goods over, no matter what the loss. Last week when we accepted the shipments from the overstocked manufacturer, we began to realize that we were in the same fix, and that we'd better sell our own goods than to accept any more from him. Tomorrow you'll realize what we mean by a sale. The price pruning knife has done its work, and there'll be no let up now until the stock is reduced to a healthy and conservative quantity condition.
